

SERRA DAS CABEÇAS

Flavour notes

PLUM / HAZELNUT / CHOCOLATE

A toffee-like body supports delicate floral notes in this year's Serra das Cabeças! We first experienced the farm's coffees through the Afro-Brazilian Producers Program led by BD Imports and exporter Apará. After building a supply chain to bring these coffees to the UK, we found a match for our enthusiasm when we met the Darlan family in person. Brothers Fagner and Wagner Darlan (they've heard all the jokes!) jointly manage the farm with help from parents Walci and Jeni and Wagner's wife Carolina. Motivated by soil health, no pesticides are used on their 3.5-hectare farm. Adding to the adventure, we'll feature two different cultivar lots from Serra das Cabeças: Yellow Catucaí and Red Catucaí. Both lots carry the same caramelly texture, but eagle-eyed brewers may enjoy the subtle differences! No matter the variety, Serra das Cabeças' red and white grape notes form a halo around a textured, rich espresso.

Country **BRAZIL**

Region **MINAS GERAIS**

Producer **FAGNER & WAGNER
DARLAN**

Harvest **JUL-AUG** / *Variety* **YELLOW CATUCAÍ**

Process **NATURAL** / *Altitude* **1300 MASL** / *Landed* **APRIL**
