

PUENTE TARRAZÚ

Flavour notes

BLACK CHERRY / CHOCOLATE / ALMOND

A subscriber exclusive, we're excited to welcome back Puente Tarrazú from Costa Rica! Produced by the Puente Tarrazú Micromill in the region of Tarrazú, they're one of our longest-running partnerships! In fact, this is one of the first coffees we ever offered, making both the mill and exporter 'Exclusive Coffees' original Square Mile partners. Although led by Rodolfo Rivera, his cousin Mainor Rivera has stepped up and joined to co-manage the mill in the last few years. Consistently exceeding expectations and impressing year after year with their classic white honey process, you might recognise this coffee as a regular component in Red Brick. Creating a sweet yet clean profile, notes of black cherry and almond shine through in this espresso, making this a moreish morning cup!
