

MELKA GUMIE

Flavour notes

PEACH / BERGAMOT / SILKY

And just like that the beginning of Ethiopia season is here, and what better way to start than welcoming back the delightful Melka Gumie. A perfect summer brew, this classic Yirgacheffe profile presents light and delicate sweetness with notes of peach and a glimmer of floral elegance. Melka, alongside 500 local farmers living in the Hafursa Waro, Haro, and Hafursa Worabi kebeles, delivers her coffee to the Hafursa Waro Washing Station owned by Ato Kumulachew. Importer Covoya has had a direct farmer purchase program with exporter Tracon Trading since regulation changes allowed for direct buying from single farmers. An area known for producing some of Ethiopia's finest indigenous coffee, Ato grew up locally and, as an entrepreneur, established the Hafursa Waro Washing Station to highlight the expertise of local coffee growers and build up the community.
