

DON OSCAR

TASTING NOTES

PLUM / CHOCOLATE / PRALINE

Plump as plum, the perfect morning cup, expect classic Costa Rica in this delicious lot, Don Oscar from Canet, Tarrazú.

Alejandro Jiménez of the Don Oscar Micromill is a promising new partner for Square Mile this year, having a longstanding relationship with Exclusive Coffees, our import partner for Costa Rica. His operation is strategically located very close to La Lía mill, and he has a good personal connection with Luis and Oscar Monge, whom we've been working with since day one.

Like the Monges, Jiménez owns and manages his own farms, coffee plantations, and mill, which, in turn, drive the quality of his coffee. We're super excited to present this lot to you as part of your subscription, and look forward to exploring how we can scale our collaboration with Alejandro over the next few years to highlight more of his work.
