

PEÑAS BLANCAS

TASTING NOTES

BLACKCURRANT / CHOCOLATE / ALMOND

Classic chocolate, almond and purple fruits coming together in one delicious, dessert driven cup? Colombian Peñas Blancas is definitely going to add joy to your coffee routine.

Produced in Pitalito in the region of Huila, this espresso is the blend of 63 lots from 39 producers. Duver Rojas, who works at our export partners 'Caravela', is the quality control coordinator for the region. Spending over a decade encouraging and helping farmers, he and his team played a huge part in cupping each of these lots. Creating a rich and creamy profile, it demonstrates Pitalito's impact on flavour, with a hint of black cherry cutting through.

A subscriber exclusive we're excited for you to enjoy, you can also try Peñas Blancas as a component in the latest Red Brick!
